

2018-2019 Awards and Scholarships

Thank you for your interest in applying for the 2018-2019 Awards and Scholarships! It is the goal of the MNSA Board of Directors that the following awards and scholarship opportunities will recognize the hard work and outstanding leadership of our members. We realize that no award could ever thank you enough for the many ways in which you touch the lives of your fellow nursing students and the community.

MNSA offers eight (8) awards and six (6) monetary scholarships. This year our emphasis is going to be our 2018 Community Health Initiative “Processed Food Awareness”. Through this initiative, we hope to raise awareness about the risk factors of processed food products, how the ingredients of the products compare to more natural foods, and the health risks associated with the consumption these food products.

All of our awards and scholarships recognize the individual time and effort that you have brought forth during an incredibly busy and stressful time in your careers. We hope that these opportunities will help to encourage students and local chapters to increase participation and join in this year’s community health initiative.
